(*a*) *Note by Collector E. T. Smith.*—The works at Burleigh Falls were so badly wrecked by high water in spring of 1913 as to be unserviceable. No dues were charged up.

AUDIT OFFICE, OTTAWA, December 16, 1913.

Re Telegraph Lines, Prince Edward Island.

SIR,—In the Supplementary Estimates passed last session, $17,000 is voted to pay half cost of telegraph lines jointly owned by Anglo-American Telegraph Company and the Government.

No revenue from these lines has ever come to account.

Please explain.

I am, sir, your obedient servant,

The Deputy Minister, Public Works Department. J. FRASER, *A.G.*

PUBLIC WORKS DEPARTMENT, OTTAWA, December 17, 1913.

DEAR SIR,—Replying to your favour of the 16th instant, *re* Telegraph Lines in Prince Edward Island, I beg to state that under an agreement with the Prince Edward Island Railway, the telegraph line required for the operation of the railway, as well as for general commercial business, was built at the joint expense of the Anglo-American Telegraph Company—which has the telegraph franchise for the island—and the Railway Department. This was many years ago, and the condition of the line now is such that it requires to be reconstructed, and the provision in the current year's Estimates is for that purpose.

There is no revenue to the Government from this joint line but, on the contrary, the Public Works Department pays an annual subsidy of $7,000 to the Anglo-American Telegraph Company for maintaining a telegraph service on Prince Edward Island.

Yours truly,

The Auditor General. J. B. HUNTER, *D.M.*

Re **Wharfs and Piers erected by Public Works Department, and not transferred to Marine and Fisheries Department.**

PUBLIC WORKS DEPARTMENT, OTTAWA, June 12, 1914.

SIR,—I beg to enclose herewith in compliance with your request of the 19th December last, a list of wharfs, etc., constructed or acquired by the Department of Public Works, and which have not been transferred to the control of the Department of Marine and Fisheries up to 1st April, 1914.

I have the honour to be, sir, your obedient servant,

The Auditor General. A. C. DESROCHERS, *Secretary.*

AUDIT OFFICE, OTTAWA, October 19, 1914.

SIR,—On July 12, 1910, I called the attention of the Treasury Board to the number (some 126) of wharfs and piers, erected by the Department of Public Works, and not transferred to the Department of Marine and Fisheries.

On June 12, 1914, the Department of Public Works furnished another statement of wharfs and piers completed to date, erected in the provinces as follows, and not transferred:—

Nova Scotia	175
New Brunswick	51
Prince Edward Island	13
Quebec	157
Ontario	78
Manitoba	9
Saskatchewan	1
Alberta	1
British Columbia	96
	581

No fees are collected from these wharfs.

This is a matter which would seem to call for the action of the Treasury Board.

I am, sir, your obedient servant,

The Secretary of the Treasury Board. J. FRASER, *A.G.*

PUBLIC WORKS DEPARTMENT, OTTAWA, October 20, 1914.

SIR,—I beg to acknowledge receipt of your favour of the 19th instant, with further reference to wharfs and piers not transferred to the Department of Marine and Fisheries, and note that you propose referring this matter again to Treasury Board.

In this connection, I may say that on your letter of February 22, 1912, I made quite a full memorandum to the Minister regarding this question (copy of which I enclose for your information—(see Audit Report 1911-12 page V 435) with a view to amending the Harbours and Piers Act, but so far no action that I am aware of has been taken in that direction.

I am, sir, your obedient servant,

The Auditor General. J. B. HUNTER, *D.M.*
